Event Title
Manor House tour (20 - 26 Feb)

Description

Book your tour of the Manor House at Woolsthorpe and discover more about Isaac Newton and the place where he grew up and made some of his important discoveries. This year we're also celebrating the 400th anniversary of Hannah's (his mother) birth.

The Manor House is open between 10am - 1pm for booked tours only, between 20 Feb - 31 March. If you would prefer to look around at your own leisure, please visit between 1pm - 4pm (last entry at 3pm), for non-bookable timed entry. You will be given a timed entry slot for entry to the Manor House on arrival. There is no booking needed for the rest of the site.

This tour will take you around the Manor House where you can discover more about Isaac Newton and his prism experiments, work on mathematics, and thoughts about gravity.

We've put a new spin on the tours this year for the 400th anniversary of Hannah Newton's (his mother's) birth. Step back in time and learn more about Newton's mother and what life was like for women in the 17th century. Did you know that at age 19, Hannah was left with a new-born baby and the management of a 300-acre sheep farm!

Please arrive 10 minutes before, so that your tour can begin promptly. Guided tours last 1 hour. Normal admission charges apply.

Assistance dogs only at Woolsthorpe Manor.

Accessibility

Designated mobility parking next to the visitor entrance. Ramp from car park through the gift shop and steep slope up to the house.
