**Subject:** Welcome to the University of Lincoln

Dear Ayan,

Welcome to the University of Lincoln and thank you for registering with us.

**Please note, international applications for taught postgraduate programmes starting in September 2022 are now closed. Deferred applications will be considered for September 2023 entry and selected courses for February 2023 entry. Please visit our website for more information [www.lincoln.ac.uk](http://www.lincoln.ac.uk)**

**Apply now!**

You can start an application to study straight away, but don't worry if you're short on time right now; you can log back into [OneUni](#) at any time.

If you've not already done so, you can start your application by logging in using the link above. Once you've logged in, click into 'My Applications' and select 'Add a New Application' at the top of the page.

If you don't complete the application all at once, your progress will be automatically saved when you log out meaning you can resume your application when it is more convenient.

Once submitted, you can manage and track your application through One Uni and also review and respond to any additional information requests we may have.

### **How do I access OneUni?**

Your username is: 28149965

Your password will be the one you set when registering. If you can't remember this please follow the 'forgotten password?' link located under the credentials box on the login page. If you have any further access issues please contact the University's helpdesk on Tel: +44 (0)1522 886500 or via email: [helpdesk@lincoln.ac.uk](mailto:helpdesk@lincoln.ac.uk)

We look forward to receiving your application. If you have any queries in the interim please contact our Student Administration team on T: 01522 886097 or email [admissions@lincoln.ac.uk](mailto:admissions@lincoln.ac.uk).

Kind regards,

Student Administration

**The University of Lincoln, located in the heart of the city of Lincoln, has established an international reputation based on high student satisfaction, excellent graduate employment and world-class research.**
